Linda,

I spoke with David and he would allow us to use a RTV product to bond the Plugs into the Skidtube.

The existing Plugs would require:

- 1) Removal from the Skidtube
- 2) Removal of the current O-Ring
- 3) Cleaning with Alcohol
- 4) Installation of NEW O-Ring
- 5) Generous coating of the RTV
- 6) Insertion of plug into the Spacer
- 7) Clean up of exterior of Skidtube.

Importance: High

I heard yesterday that plugs were falling out. Today we were told that we cannot ship any 350 skids. We have an order to ship today, has there been a solution found to fix this problem? Can we not just sikaflex them in or something? We need to let the customer know if his order is shipping or not...

Thx
Linda
